- You'll receive an email with a **link to confirm your email address - Click on it**
 - If you don't receive it after some minutes control the spam folder

- You'll be redirected to the pCon.login portal
- Click on **Continue**

Dear Mr. Grilli,

Thank you for your registration on pCon.update.

To continue with your registration, please confirm your e-mail address.

Confirm e-mail address

This confirmation process is necessary to make sure that the e-mail you entered is correct. If you have not activated this service, please ignore this e-mail.

pCon.login

Welcome to pCon.login!

Your e-mail address has been confirmed. You can now use your pCon.login.

- In the side menu click on **Applications**
- Click **Select** in **pCon.planner MarketingEdition**
 - It's free
 - Necessary for using configurable data offline
 - For other offline applications a license is required
- Click on **pCon.update >>**

The screenshot shows the pCon.login web application interface. On the left is a dark sidebar menu with the following items: Home, User, Account, Organization, Account, Users, User groups, Manufacturer catalogs, **Applications** (highlighted with a red arrow labeled '1'), Channels, Licenses, Contact, and Help. The main content area is titled 'Applications' and has three tabs: 'Web', 'Phone & Tablet', and 'Computer & Notebook'. Under the 'Computer & Notebook' tab, there are two sections: 'pCon.update' and 'pCon applications'. The 'pCon.update' section contains a paragraph of text and a link 'pCon.update >' (highlighted with a red arrow labeled '3'). The 'pCon applications' section contains a paragraph of text, an option 'Option: Download and install pCon applications manually >', and a card for 'pCon.planner 8 MarketingEdition Free'. The card includes a logo, a description, and an 'Additional information >' link. A 'Select' button is located at the bottom right of the card (highlighted with a red arrow labeled '2').

- Download **pCon.update DataClient**
 - Click on the **Download** link
 - It will maintain your data, and all pCon offline applications, always up to date

pCon.login

pCon.update

pCon.update provides pCon applications and manufacturer catalogs on your computer.

If you do not yet use pCon on your computer, please download and install the DataClient. It is free of charge. The DataClient will manage the installation of the required pCon applications.

[System Requirements >](#)

DataClient (required)

The DataClient installs and updates pCon applications and manufacturer catalogs on your computer.

	Standard	Pro
Download and installation of OFML, product data and pCon applications	✓	✓
Update notification	✓	✓
Automatic installation of updates		✓
Installing updates without administrator rights		✓
Installing updates from local network storage		✓
Supports Windows Server		✓

The standard edition is free of charge. Get in touch with your [contact person >](#) to purchase the Pro edition.

- In the **Manufacturer catalogs** menu you can check the **status** of the data request
- To complete the registration to the pCon community, click on **Activation Page**
- In the new window, **check that the data is correct** and click on Request
- You will receive an email with the approval usually within 24 hours

pCon.login

Manufacturer Catalogs

Your approved catalogs are available in all pCon applications >

Please send me an e-mail when new manufacturers are available.

Currently, only the catalogs for which you have been invited by the respective manufacturer are activated. Do you want access to all catalogs? Request activation for the pCon Community. It is free of charge. [Activation Page](#)

- Now you'll have to wait for the manufacturer to approve the data access
- Usually it happens within 24 hours
- When you receive the confirmation email continue with this guide

- For the **online applications** (pCon.box and pCon.facts) you can start using the data immediately
- For the **offline applications** (pCon.planner and pCon.basket) you'll have to download the data into your computer using pCon.update DataClient

Dear Sir or Madam,

EasternGraphics - Kitchen Library has shared its catalog with you.

You are now free to use the EasternGraphics - Kitchen Library catalog in all pCon applications and services (e.g. pCon.box, pCon.facts). You can also download the catalog with the pCon.update DataClient to use it in the pCon.planner.

Best regards,
Your pCon.login team

Download data

Invite
colleagues

- Start pCon.update DataClient
 - Click **Next** on the following two windows to force a control of what data is available to update
 - You'll see a list with the applications and data
- Click **Install** to start the download and installation process

It's necessary to have **pCon.planner ME or PRO** installed to use **configurable data**. The STD version available on the pCon.planner web site does not recognize configurable data.
