Paw Collection

design Studio Pastina — 2020

Contemporaneity, versatility and construction quality are the keywords that define **Paw**, the stackable **coffee table** designed by **Studio Pastina**

- <https://www.midj.com/products/designers/studio-pastina>.

Easily combined with different styles, from the most classic to the most modern, Paw stands out for its very thin ceramic or metal top, which highlights the visual strength of the metal legs even more.

The Paw coffee table is available in three different sizes, and has also been designed to furnish outdoor spaces: the version with metal legs and top is ideal to be placed in gardens or terraces.
